### GRASS CLIPPINGS IN THE ROADWAY

The City has had numerous complaints about grass clippings being in the roadways. We appreciate citizens mowing their yards, but collecting grass clippings is part of yard maintenance as well.

Grass clippings that blow into the roadways can cause a slipping hazard, especially when pavement is wet. It is also much like ice for motorcyclists.

In addition to the problems caused for motorists, grass clippings in the road are unsightly. When piled into ditch lines and storm drains, they can also cause drainage issues, as well as storm water problems.

Please blow grass clippings into your yard, or bag and dispose of them properly.

### VINE GROVE FIRST FRIDAY

The City of Vine Grove is hosting the one and only First Friday on Friday, July 2nd! The entire “downtown” of Vine Grove will be blocked off for all to come and enjoy this community event. There will be fireworks, live music, food trucks, beer tent, activities for kids, vendors, shopping, and more!

At dusk, there will be a firework display that takes place in Optimist Park. It will be visible from the downtown area, or you can drive to the park and watch the show.

To get to the event, you can park at City Hall and walk downtown (towards Church Street and West Main Street). Volunteer firefighters will provide rides from City Hall to downtown for those that have handicap needs. We are excited to celebrate Fourth of July with all of Vine Grove!
