HOW TO AVOID SEWER CLOGS

Fats, oils, and grease (FOG) are very harmful when poured down any drains in homes, apartments, or restaurants. This can lead to sewer back ups in your home, and even cause outside overflow.

Fats, oils, and grease need to be properly disposed of during food preparation and kitchen clean-up. When FOG is allowed to go down the drain it cools in the sanitary sewer lines creating buildup. The build up causes clogs and backups in your home.

To keep your drains FOG free:

- Pour cooled fats, oils and grease into a container, or plastic Ziploc bag and dispose of in the trash
- Before washing, use a paper napkin to wipe out any excess FOG
- Use sink strainers to catch food waste
- Put food scraps in the trash, and not the garbage disposal

FANNIN FIREARMS LEGACY

Fannin Firearms Legacy located at 122 West Main Street is now open to the public. Owned by Edwin and Clair Fannin, both Veterans, have been selling firearms since 2017. Their military careers brought them to Hardin County in 2020. They both retired from military, and found their forever home.

Their dream was to always open a store front for the sale, and transfer of firearms. They truly loved the location of downtown Vine Grove. The Fannins' have an in-store selection of firearms and ammo, and miscellaneous items. However, on their website they offer a large selection of items, including outdoor equipment such as camping and fishing gear, as well as other items. You can purchase directly online, and have it shipped to the store for no shipping costs. You can visit: www.fanninfirearmslegacy.com.

Fannin Firearms is open Tuesday—Saturday 10 a.m. to 8 p.m. The store hours may vary during the holiday season. They offer a 5% discount in-store for active/retired military and first responders. Their motto is “Patriotism, Family, and Legacy”. Welcome to Vine Grove!
